Pregnancy and side effects of analgesics. Delzer DD et al. (1):49-51
Codeine
Pregnancy and side effects of analgesics. Delzer DD et al. (1):49-51
Communications
Increasing demand for dental care: advertising based on facts. Millenson LJ. (1):20-31
Composite resins
Criteria for successful composite resin restorations. Lorton L et al. (3):234-236
Computers
Introduction to computers for dentists. Hrabowsky I. (4):282-287
Starting with computers. Neiburger EJ. (4):288-293
Costen's Syndrome see Temporomandibular joint syndrome
Cracked tooth syndrome
The perio-pulpal connection: an analysis of the periodontic-endodontic lesion. Benenati FW et al. (6):516-520
Cross infection
Aerosols and cross infection in dental practice - a historic view. Lu DP et al. (2):136-143
Cysts, oral
An unusual oral mucous retention cyst. Murrin JR et al. (2):151-153
Delivery of dental care
An alternate dental delivery system (direct benefit or prepaid capitation). Mitchell CR. (5):390-394
Dental abutments
Conservative abutment modification for removable partial dentures. Foerth D et al. (1):56-57
Dental amalgam
Mercury leakage in commercially preloaded amalgam-mercury capsules. Blitzer MH et al. (2):144-145
Use of amalgam dome preparations to preserve tooth structure and alveolar bone. Cirbus MT et al. (2):154-157
Dental care
An alternate dental delivery system (direct benefit or prepaid capitation). Mitchell CR. (5):390-394
Sequential treatment planning. Balshi TV. (2):113-117
The endodontic-periodontic relationship. Biesterfeld RC et al. (2):118-123
Dental care delivery see Delivery of dental care
Dental care, demand
Increasing demand for dental care: advertising based on facts. Millenson LJ. (1):20-31
Dental care, for handicapped
Dental center provides access to care. (2):102
Dental caries
Identification and control of sugar sources in the diet. Ayers C et al. (4):312-315
Dental implantation, endosseous
Use of Kirshner wires in the fabrication of custom endosteal implants: report of case. Riach JC et al. (5):434-435

Dental impressions
Comparison of seven acrylic resins for custom trays and five putty-wash systems. Eames WB et al. (4):328-332
Dental impression technique
The use of standardized casts and prefabricated trays in construction of complete dentures. Schwartz R. (6):494-503
Dental instruments
Comparison of instruments and commercial pastes used for finishing and polishing composite resins. Christensen RP et al. (1):40-45
Comparison of visible light resin-curing generators. Pollack BF et al. (6):488-493
Oral self-examination—its application in prevention and a comparison of devices. Connor RJ et al. (4):320-322
Safe preparation of the root canal for post-endodontic reinforcement. Schlissel ER et al. (1):65-67
The use of standardized casts and prefabricated trays in construction of complete dentures. Schwartz R. (6):494-503
Dental occlusion
Screening examination for occlusal/mandibular dysfunction. Farkas JA. (5):457-459
Dental office
Aerosols and cross infection in dental practice - a historic review. Lu DP et al. (2):136-143
Dental pins
Dentinal retention of pin-retaining devices. Hembree Jr JH. (5):420-423
Use of amalgam dome preparations to preserve tooth structure and alveolar bone. Cirbus MT et al. (2):154-157
Dental plaque
Oral self-examination — its application in prevention and a comparison of devices. Clark SM. (4):316-319
Dental porcelain
In-office staining and glazing of porcelain-fused-to-metal restorations. Connor RJ et al. (4):320-322
Dental pulp capping
Conservative treatment for vital teeth with periapical radiolucent areas: report of case. Clem DB. (4):303-304
Dental pulp diseases
The perio-pulpal connection: an analysis of the periodontic-endodontic lesion. Benenati FW et al. (6):516-520
Dental restoration, permanent
Clinical and laboratory comparison of three adhesive resins for restoring noncarious cervical lesions. Hollinger JO et al. (6):504-509
Conservative treatment for vital teeth with periapical radiolucent areas: report of case. Clem DB. (4):303-304
Criteria for successful composite resin restorations. Lorton L et al. (3):234-236
In-office staining and glazing of porcelain-fused-to-metal restorations. Connor RJ et al. (4):320-322
Use of amalgam dome preparations to preserve tooth structure and alveolar bone. Cirbus MT et al. (2):154-157
Dental restoration, temporary
Interim restoration of endodontically treated anterior teeth. Porter CB et al. (1):39
Dental service, hospital
Preceptorship in special patient care and hospital protocol. Randell S. (3):238-241
Dental staff
Written personnel plans: policy, not policing. Korneluk G. (5):362-363
Dentistry, operative
Periodontal considerations in clinical crown lengthening procedure. Meister Jr F et al. (5):401-405
Denture, complete
The use of standardized casts and prefabricated trays in construction of complete dentures. Schwartz R. (6):494-503
Denture, complete, immediate
Effective relining of immediate dentures. Foerth D et al. (5):412-415
Denture, overlay
Dome castings for overdentures: an alternative method. Jeannet DJ. (2):126-128
Denture, partial, fixed
Acid-etch bonding: the extracted tooth as a pontic for a fixed partial denture. Raborn GW. (4):303-304
Etch-retained natural crown as a temporary fixed partial denture. Cooley RL et al. (4):323-326
Natural-tooth pontic utilization. Esposito Jr CJ. (1):46-48
Denture, partial, removable
Conservative abutment modification for removable partial dentures. Foerth D et al. (1):56-57
Denture rebasing
Effective relining of immediate dentures. Foerth D et al. (5):412-415
Denture retention
Conservative abutment modification for removable partial dentures. Foerth D et al. (1):56-57
Devices see Equipment and Supplies
Dextropropoxyphene
Pregnancy and side effects of analgesics. Delzer DD et al. (1):49-51
Diabetes mellitus
The diabetic dental patient. Zoeller GN et al. (1):58-61
Diagnosis, differential
Congenitally missing teeth. Miller AS et al. (4):296; 342
Resolution of atypical facial neuralgia following root canal therapy: a case report. Franco SJ. (6):510-511
Diagnosis, oral
Screening examination for occlusal/mandibular dysfunction. Farkas JA. (5):437-439
Dietary carbohydrates
Identification and control of sugar sources in the diet. Ayers C et al. (4):312-315
Drug toxicity
Adverse reaction to a nonepinephrine hemostatic drug. Porter CB et al. (2)134-135
Ectodermal dysplasia
Congenitally missing teeth. Miller AS et al. (4):296; 342
Education, dental, continuing
AGD's fellowship examination: a different kind of continuing education challenge. Skwarek D. (4):337-341
Enhance your CDE presentations with quick, easy slide transparencies. Newitter DA et al. (3):204-207
High yield low-loss participation continuing education. Wege WR et al. (2):124-125
Principle, discipline, dogma and rote. (Editorial)

Howard WW. (1):6
Responses to testing in continuing education. Barrett ED et al. (1):36-38
Education, dental, graduate
Preceptorship in special patient care and hospital protocol. Randell S. (3):238-241
The University of Florida general practice residency program. Collins JF et al. (5):408-410
Employment
Restrictive covenants: their legality and use in your employment contract. Matthews BL. (3):209-215
Endodontics
Extension for convenience in root canal therapy. Shankle RJ. (1):62-64
The endodontic-periodontal relationship. Biesterfeld RC et al. (2):118-123
Environmental exposure
Mercury leakage in commercially preloaded amalgam-mercury capsules. Blitzer MH et al. (2):144-145
Equipment and supplies
In-office staining and glazing of porcelain-fused-to-metal restorations. Connor RJ et al. (4):320-322
Oral self-examination — its application in prevention and a comparison of devices. Clark SM. (4):316-319
Facial neuralgia
Resolution of atypical facial neuralgia following root canal therapy: a case report. Franco SJ et al. (6):510-511
Fluorides, toxicity
Fluoride: caution against abuse. Fretwell LD. (5):431-433
Foreign bodies, periodontium
Yellow nodule in vestibule. Pullon PA et al. (5):396;399
Gingivitis
Blisters of the gingiva. Miller AS et al. (6):477;479
Gingivoplasty
Free gingival grafts by the general dentist. Harris JH. (2):146-150
Graft, homologous, scleral
Scleral implants in the periodontally abandoned patient. Antario JP et al. 158-160
Infectious mononucleosis
Infectious mononucleosis first manifest by mandibular periocoronitis: report of case. Kadesh JB et al. (5):428-429
Injections
Needles — 25 gauge vs 27 gauge — can patients really tell? Mollen AJ et al. (5):417-418
Insurance, dental
The right treatment plan, no matter who pays the tab . . . (Editorial). Howard WW. (5):356
Internship and residency
The University of Florida general practice residency program. Collins JF et al. (5):408-410
Microwaves
Ultraviolet and microwave radiation in dentistry. Mills LF et al. (6):481-486
Lichen planus
Ulcers of the cheeks. Miller AS et al. (5):397; 399
Medical emergencies
The diabetic dental patient. Zoeller GN et al. (1):58-61
Mercury
Mercury leakage in commercially loaded amalgam-mercury capsules. Blitzer MH et al. (2):144-145
Mottled enamel
Vital bleaching technique for treatment of endemic fluorosis. Wayman BE et al. (5):424-427
Mucocele
An unusual oral mucous retention cyst. Murrin JR et al. (2):151-153
Myofacial pain dysfunction syndrome see **Temporomandibular joint syndrome**
Needles
Needles — 25 gauge vs 27 gauge — can patients really tell? Mollen AJ et al. (5):417-418
Nutrition
Identification and control of sugar sources in the diet. Ayers C et al. (4):312-315
Office management

Professional competence
Principle, discipline, dogma and rote. (Editorial) Howard WW. (1):6
Radiation effects
Ultraviolet and microwave radiation in dentistry. Mills LF et al. (6):481-486
Radiation protection
Ultraviolet and microwave radiation in dentistry. Mills LF et al. (6):481-486
Radiography, dental
Right-angle (paralleling) dental radiography with the conventional short (8-inch) tube. Updegrave WJ. (3):220-224
Referral and consultation
Referral — self-instructional CDE. (Editorial) Howard WW. (3):268
Residencies see Internship and residency
Root canal therapy
Endodontic failures: report of case. Drago CJ. (3):217-219
Extension for convenience in root canal therapy. Shankle RJ. (1):62-64
Restoring the horizontally fractured root. Maraviglia L. (2):133
Safe preparation of the root canal for post-endodontic reinforcement. Schlissel ER et al. (1):65-67
The perio-pulpal connection: an analysis of the periodontic-endodontic lesion. Benenati FW et al. (6):516-520
Self-assessment quiz
(1):69-72, (3):242-248, (4):333-336, (6):470-474
Specialty practice
Get out the sheets and the crosses . . . (Editorial) Howard WW. (3):182
Surgery, periodontal
Surgical treatment of acute periodontal abscess. Collins JF. (4):97-302
Temporomandibular joint syndrome
Screening examination for occlusal/mandibular dysfunction. Farkas JA. (5):437-439
TMJ dysfunction: etiology, diagnosis, treatment, review of literature. Guttu R et al. (3):226-232
Tooth, artificial
Acid-etch bonding: the extracted tooth as a pontic for a fixed partial denture. Raborn GW. (4):306-307
Etch-retained natural crown as a temporary fixed partial denture. Cooley RL et al. (4):323-326
Tooth bleaching
Vital bleaching technique for treatment of endemic fluorosis. Wayman BE et al. (5):424-427
Tooth calcification
In vivo remineralization of demineralized dentin: report of cases. Pardo GI. (4):308-309
Tooth discoloration
Permanently stained teeth. Pullon PA et al. (6):476-479
Tooth diseases, prevention
Oral self-examination — its application in prevention and a comparison of devices. Clark SM. (4):316-319
Tooth extraction, complications
A routine' third molar extraction. Riley JE. (6):512-514
Tooth fracture
Restoring the horizontally fractured root. Maraviglia L. (2):133
Tooth fracture, treatment
Periodontal considerations in clinical crown lengthening procedures. Meister Jr F et al. (5):401-405
Tooth remineralization see Tooth calcification
Ulcer, cheek
Ulcers of the cheek. Miller AS et al. (5):397;399
Ultraviolet therapy
Ultraviolet and microwave radiation in dentistry. Mills LF et al. (6):481-486
Vasoconstrictor agents
Adverse reaction to a nonepinephrine hemostatic drug. Porter CB et al. (2):134-135
Washington Outlook
Tucker JT et al. (1):11,(2):100,(3):186,(4):274,(5):361
